Dear Hal—

I've assembled some background on the ball from grace of Bill Cooper. You were right on a year ago.

Talked to Lars Hansson about three weeks ago when "Bo" Gritz came to talk to a meeting in Cottonwood (about 20 west of here). Lars told me of the TV program both you and he were on. He expressed chagrin that the portion aired quoting him seemed to reverse his position. He was anxious that you be aware of this and that he, in reality, was not in opposition to you.

Not having seen the program, I don't know firsthand what this reversal is all about.

Hope your mail walking is having the desired results.

Best wishes,

Ed Le Mar
